

TRAUMA ACADEMY International Master Course 2019

“L5 - Master of Wrist Care” with lifelike fractured specimen

Host: M. Schädel-Höpfner (DE)

Faculty: P. Grieve (IR), L. Obert (FR), F. Stockmans (BE) & others

International Trauma Academy - with lifelike fractured cadaveric specimen

November 1st – 2nd 2019 | Cologne | CADLAB COLOGNE

Dear Colleagues,

we are excited to invite you to this exceptional event: Trauma Academy International Wrist Course 2019! Most innovative technologies will bring you a realistic training environment – “The fracture simulator”: lifelike pre-fractured cadaveric specimen supported by corresponding X-ray and CT scans to plan and perform your difficult wrist case. Our international faculty will make this event so special.

Looking forward to welcoming you in Cologne!

Michael Schädel-Höpfner

Chief Surgeon Trauma Department, Neuss Lukaskrankenhaus
